

AFET I

The peace has been broken:

How should the EU respond to and cooperate with stakeholders that have an interest in increasing military presence in Europe, in particular the US and NATO, given heightened security concerns and growing global instability?

CHALLENGES

NATO's  growing military presence in Eastern Europe:

- deployment of multinational eFP battalions in Russia-bordering nations,
- expanding air and sea patrols in the Baltic and Black Sea regions;

Ageing equipment and military personnel shortages;
