plánek stanice | station map

Ostrava-Svinov

Make sure to get off at **Ostrava-Svinov**, this is what the station looks like. There are always 2 exits on the platform, so find the **HORNBAACH sign** or the **red part** of the bridge and take this one - the **northern one**.

1

When you get out of the platform (don't worry, there is only one exit direction), **go right**.

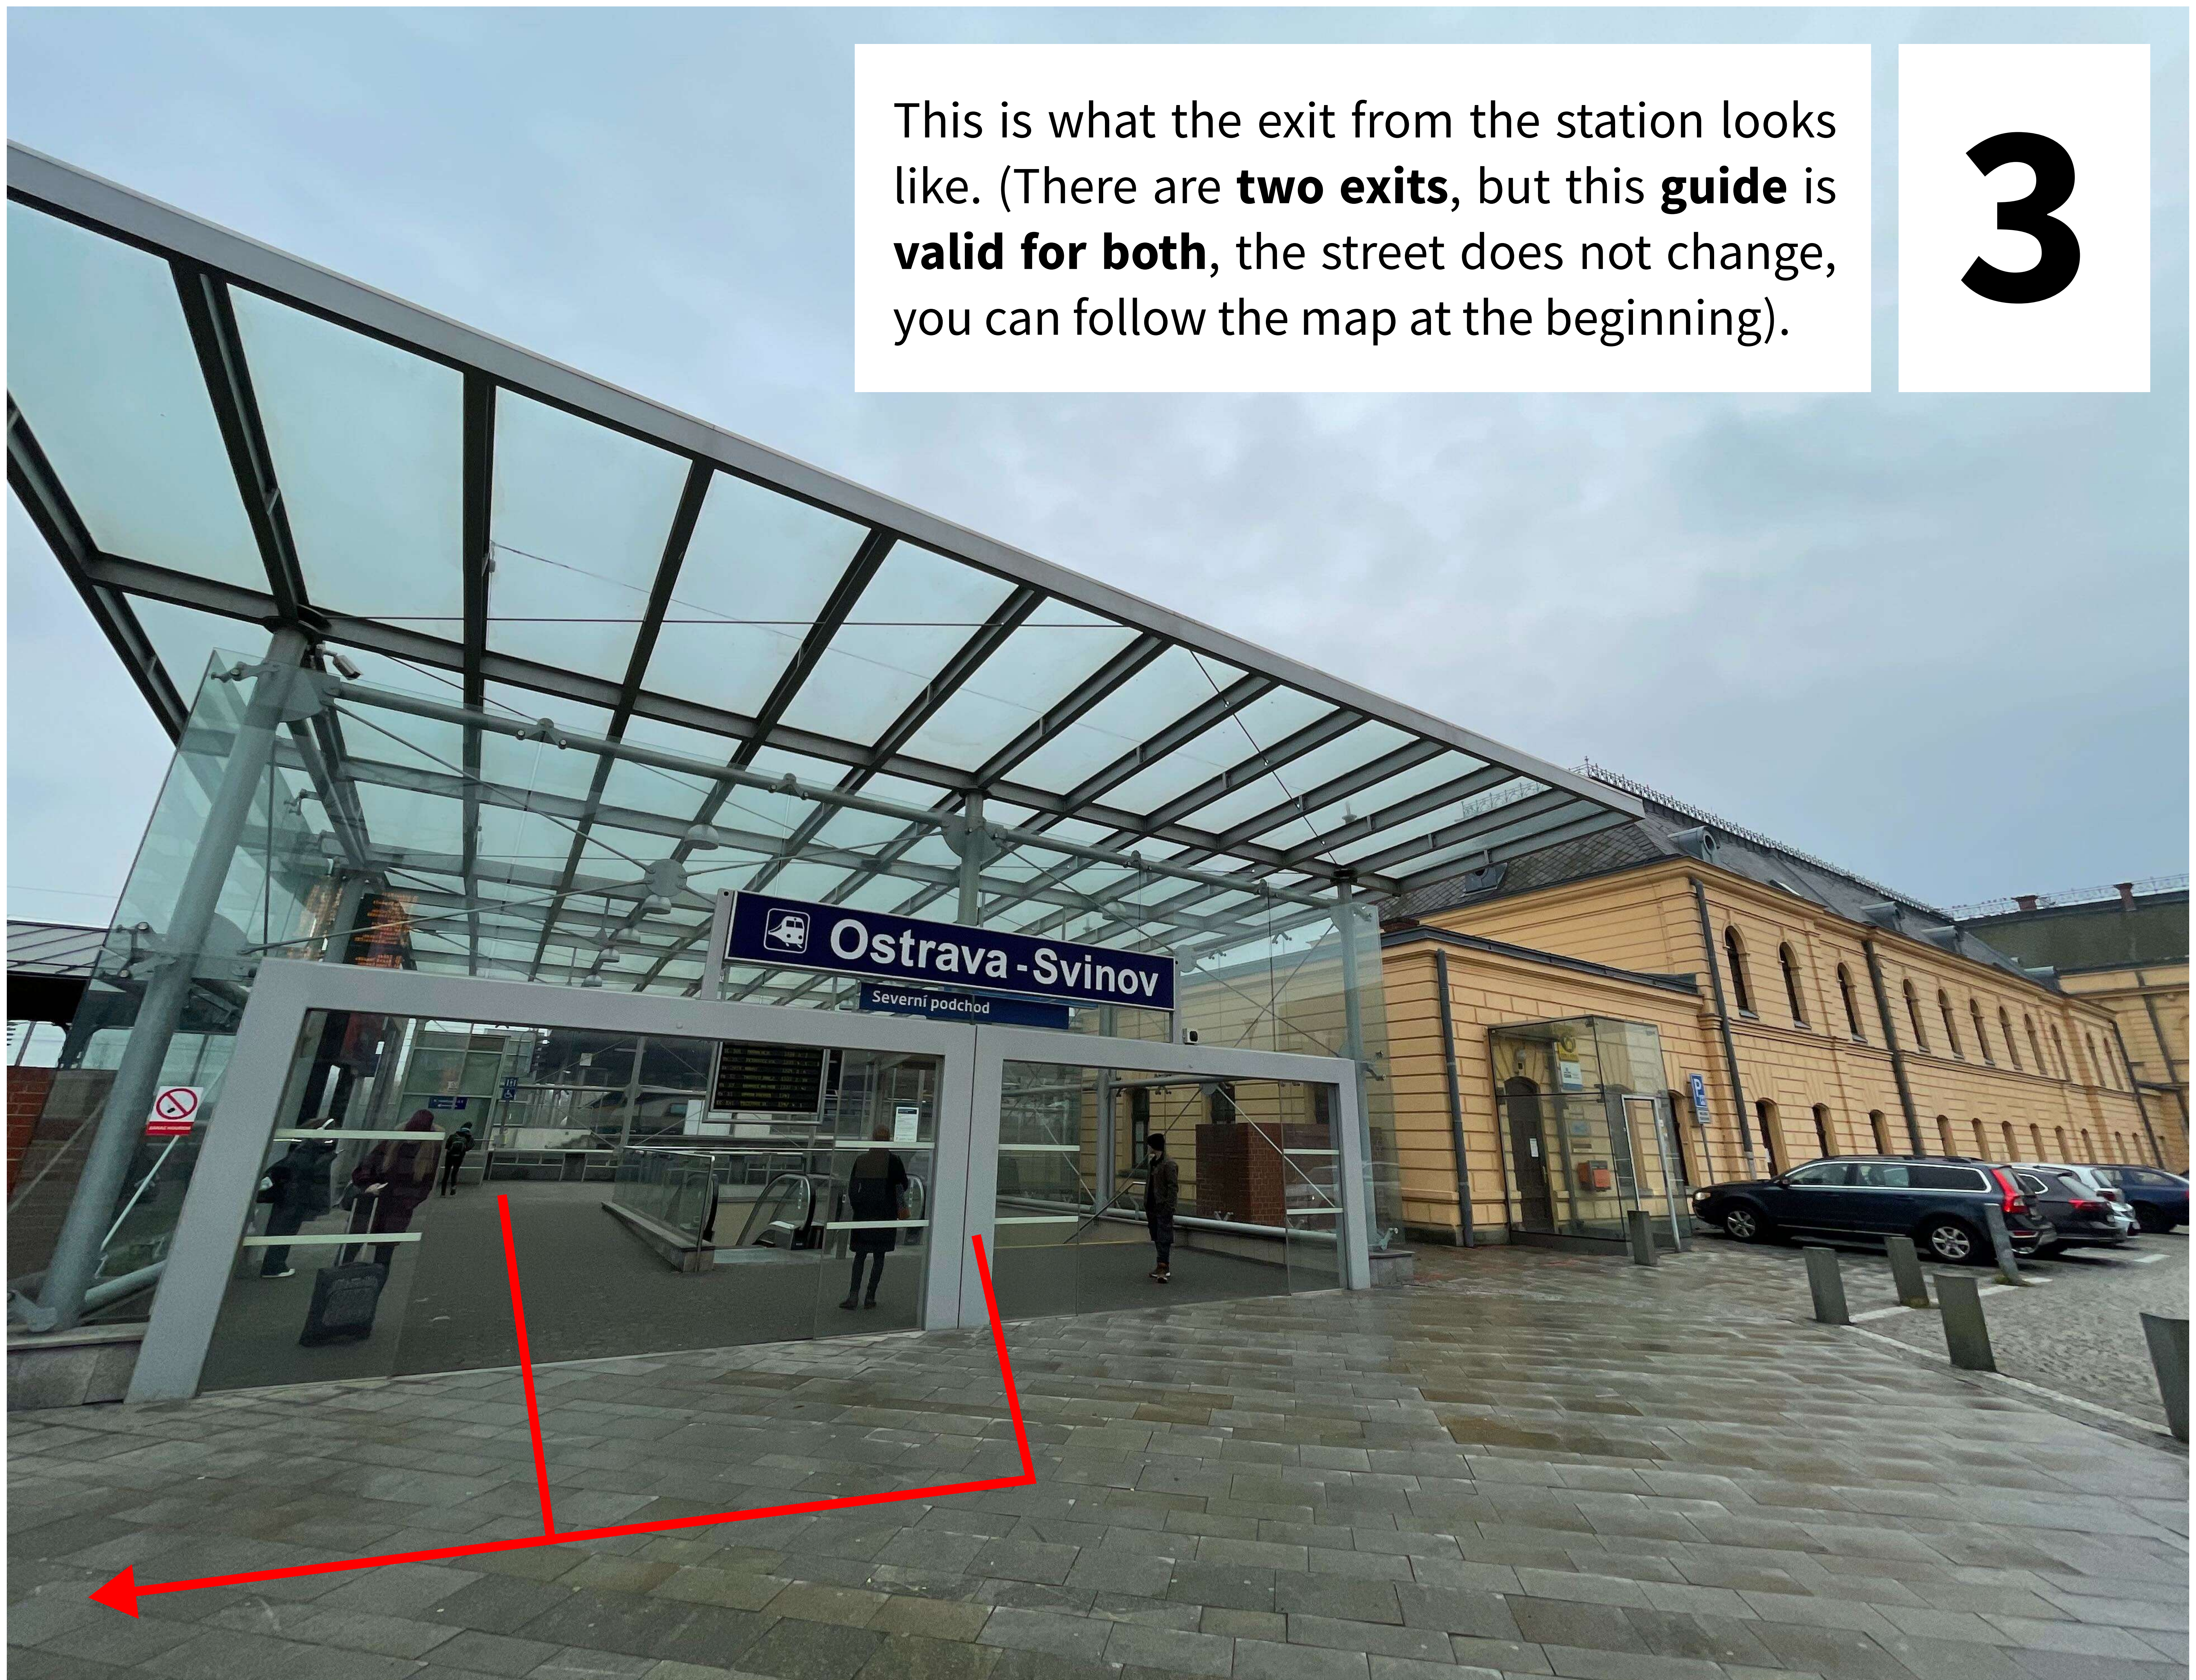

2

This is what the exit from the station looks like. (There are **two exits**, but this **guide** is **valid for both**, the street does not change, you can follow the map at the beginning).

3

Cross the crosswalk and head **towards the bridge**, right to the red part.

4

5

The escalators take you up, you don't have to go any further, these are the **closest escalators**.
